

**To be eligible to apply for an Education Opportunity Fund grant, applicant organizations must:**

- Have a direct and significant impact within communities KLA operates.
- Be a nonprofit organization with a 501(c)(3) public charity designation by the IRS or an international equivalent NGO (or be fiscally sponsored by one) and have an active profile on the Benevity platform.
- **Prioritize addressing the challenges faced by under-resourced students such as first-generation and limited income students in K-12 education within the United States, as well as at primary and secondary institutions internationally.**
- Demonstrate existing relationships with K-12 schools in the United States and at primary and secondary schools outside the US.
- Operate in communities where KLA operates as defined below.

**The KLA Foundation will prioritize funding requests that:**

- Have an explicit strategy to eliminate policies and practices **that prevent access to education.**
- Propose projects designed to improve education systems rather than fixing students and must demonstrate an asset-based approach to understanding and partnering with students and families.
- Are able to monitor, assess, and document the impact of the change(s) being sought, strategies being used, and the progress being made.
- Create or build upon existing partnerships or coalitions.
- Are innovative, strategic, and future-focused to inspire and support creative problem solving.
- Show potential for sustainable, long-term benefits that persist after the grant period ends.
- Demonstrate strong potential for replication by additional organizations or institutions.
- Have a clear and direct connection to improving education outcomes and experiences. While critical and important, this Fund does not provide support for basic needs or projects that primarily target broader social change and advocacy outside of education systems.

**The Education Opportunity Fund will not support for requests for:**

- Initiatives that do not directly or significantly have an impact within communities KLA operates.
- Individuals
- Special event sponsorship or any other type of fundraising initiative
- Endowments
- General operating support
- Buildings or capital campaigns
- Political campaigns or candidates
- Lobbying activities
- Deficits or debt-retirement
- Student scholarships, student tuition, or student fees
- One-time professional development events. Any professional development projects that are funded must include recurring, sustained training that is clearly tied to practical application and changes in educator and/or administrator practice.
- Organizations that would re-grant funding received from the KLA Foundation, unless to a partner organization that will support the Education Opportunity Fund-funded services as described in the project budget or unless with express permission from the KLA Foundation.

*To be eligible, organizations must be serving populations within a 50-mile radius (80.46 Km) to one or more of the KLA offices listed below.*

## U.S. Locations

### Arizona

- 444 S. Ellis St. Suite 3, Chandler, AZ 85224
- 20022 North 31st Avenue, Suite 102 Phoenix, AZ 85027

### California

- 3 Technology Drive, Milpitas, CA 95035

### Idaho

- 2141 West Airport Way, Suite 104, Boise, ID 83705

### Michigan

- 1200 Woodridge Ave, Ann Arbor, MI 48105

### New Jersey

- 60 Gordon Drive, Totowa, NJ 07512

### Oregon

- 2430 NE John Olsen Avenue, Suite 100, Beaverton, OR 97006

## Global (Non-U.S.) Locations

### Belgium

- ICOS VISION SYSTEMS NV, Research Park Haasrode Zone 1, Esperantolaan 8C, 3001 Leuven, Belgium
